

Premium Quality Quick Delivery

Network/LAN Copper Cables and Power Cords

Conexus maintains a ready inventory of American made, premium Category 6 cables ready for same day/next day shipment. The company's standard Category 6 and Ultra-Thin Category 6 assemblies incorporate 24 carat gold plating and are guaranteed for a minimum of 1,000 cycle life (plug/unplug) without connector surface degradation. Cables are 100% Electrical Performance Tested and Certified to ANSI/TIA-568-C.2, EN 50288, and ISO/TEC 11801 Standards.

Ultra-Thin 28 AWG Inventory (3.67mm outside diameter)

Designed specifically for patching and Top of Rack (ToR) applications, these ultra-thin Category 6 cables reduce the outside diameter by nearly 35% resulting in:

- Increased Flexibility
- Improved Airflow
- Reduced Cable Density
- Greater Manageability

Lengths In Stock: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 12, 15, 20-ft
(Additional Lengths Built-to-Order within One Week)

Available Colors

Standard 24 AWG Inventory (5.67mm outside diameter)

- Unshielded Twisted Pair (UTP) STRANDED Conductor
Lengths In Stock: 25, 30, 35, 40, 45, 50, 55, 60-ft
(Additional Lengths Built-to-Order within One Week)
- Unshielded Twisted Pair (UTP) SOLID Conductor
Lengths In Stock: 65, 70, 75, 80, 85, 90, 95, 100, 110, 120, 130, 140, 150, 175, 200-ft
(Additional Lengths Built-to-Order within One Week)

Pre-terminated Category 6 Trunk Cables/Bundles Made to Order

- Group of Six-(6)
- Group of Twelve-(12)
